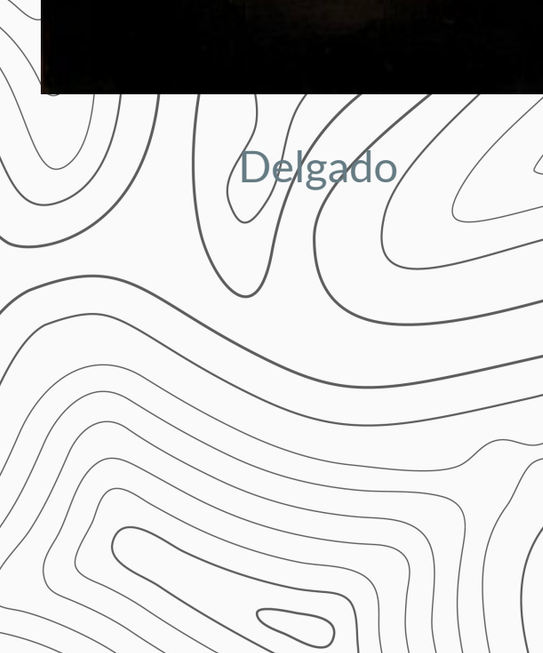
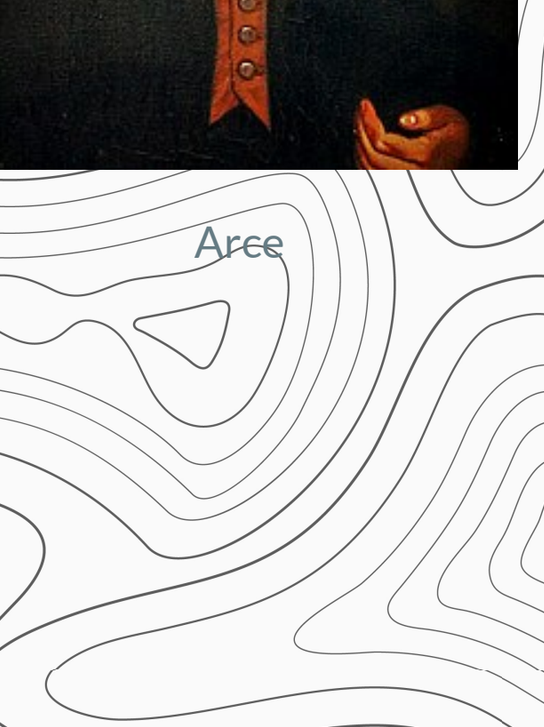
REFLECTION QUESTION

Q: Lets consider Father Delgado as the John Adams, and General Arce to General Washington, why did the General not become the Salvadorian Preisidente?



Delgado



Arce

REFLECTION ANSWER

A: Acre was fighting and sent to US for an El Salvador alliance in 1823. After the war he gathered troops in Mexico for the liberation of Cuba. When he returned in 1824 he was appointed to UCPA level leadership and then 1825 FRCA President. Delgado also had 20years of age on Arce, so to Salvadorians, he was the true leader of 1811.
